Vital Church Maritimes 2017

Sept. 21 to Sept. 23

A three-day conference in Truro, N.S., focused on mission and Fresh Expressions of Church. Sponsored by The Anglican Diocese of Nova Scotia & Prince Edward Island, this learning event is for lay and clergy. Hear inspiring stories of hope and share ideas for starting new faith communities. Discuss, dream and design ways to create vital congregations and reach out to newcomers. It is recommended that parishes send a team and that participants stay for the entire event to gain the most benefit from the teaching.

A 'fresh expression' is a form of church for our changing culture, established primarily for the benefit of people who are not yet members of any church.

Open Space Technology

This year instead of workshops and panel presentations we are hosting "Open Space Technology." It is an interactive process with participants involved in simultaneous mini-discussions based around a theme or topic. In other words, it is a marketplace of inquiry, reflection and learning. This model is built upon the assumption that the expertise is already in the room. Through the evolution of sharing of ideas and discussion, participants can explore mission-related topics at a deeper level, being able to ask questions and creatively brainstorm within the group. Further explanation will be offered.
